DATA SHEET

Essential oil Eucalyptus - Etherische olie Eucalyptus

Part Number: 30298 - EO009

INCI name: Eucalyptus Globulus Leaf Oil

Gum tree, southern blue gum, Tasmanian blue gum, fever tree, Synonyms:

stringy bark

Country of Origin: China

CAS Number: 8000-48-4/84625-32-1

EC Number: 283-406-2

Status: 100% Pure & Natural

General Description

Eucalyptus Globulus is an evergreen tree belonging to the Myrtaceae family. Growing up to 90 metres high, it has long, narrow, sickle shaped leaves when mature. They are arranged alternately on rounded stems and range from 15-35 cm in length. The buds are top-shaped, ribbed and warty and have a flattened operculum (cap on the flower bud) bearing a central knob. The cream-coloured flowers are borne singly in the leaf axils and produce copious nectar that yields a strongly flavoured honey. The fruits are woody and range from 1.5-2.5 cm in diameter. Numerous small seeds are shed through valves (numbering between 3 and 6 per fruit) which open on the top of the fruit.

Extraction

Eucalyptus Globulus Leaf Oil is the volatile oil obtained by steam distillation from the fresh leaves of the Eucaluptus alobulus.

Common Uses/Applications

- Aromatherapy applications.
- Component used in cosmetic products.

Aromatherapy Actions/Uses

- Considered to have the following properties: Analgesic, antineuralgic, antirheumatic, antiseptic, antispasmodic, antiviral, balsamic, cicatrisant, decongestant, deodorant, depurative, diuretic, expectorant, febrifuge, parasiticide, prophylactic, rubefacient, stimulant, vermifuge and vulnerary.
- Regarded to be helpful for: Burns, blisters, herpes, insect bites, skin infections, muscular aches and pains, poor circulation, rheumatoid arthritis, asthma, bronchitis, catarrh, coughs, sinusitis, cystitis, colds, chickenpox, measles, and headaches.

Animal Non-Testing Declaration

SoapQueen has never been involved in animal testing or retesting for any of its products, nor has it sanctioned any third party to conduct such testing.

<u>Transmissible/ Bovine Spongiform Encephalopathy (T.S.E/B.S.E)</u>

This product does not contain, and is not derived from, specified risk material as defined in Commission Decision 97/534/EC or mechanically recovered meat obtained from the vertebral column of bovine, ovine or caprine animals During production, storage and transport there is no contact with any extracts of animal (cattle, sheep, goat etc) origin and a cross contamination is excluded. Product is therefore free from Bovine Spongiform Encephalopathy (BSE) and Transmissible Spongiform Encephalopath (TSE).

Statement on Genetically Modified Organisms

We confirm to the best of our knowledge that this product does not contain nor has been produced with the aid of any genetically modified organism. In consequence, this product will not contain any detectable residues of protein or DNA resultant from genetic modification.

The data provided in this document is meant to represent anecdotal, typical data and information for this product and is correct to the best of our knowledge. The data was obtained from current and reliable sources, but is supplied without warranty, expressed or implied, regarding its correctness or accuracy. It is the user's responsibility to determine safe conditions for the use of this product, and to assume liability for loss, injury, damage or expense arising from improper use of this product. The information provided does not constitute a contract to supply to any specification, or for any given application, and buyers should seek to verify their requirements and product use.
