#### Ingestion:

Rinse mouth. Do not induce vomiting. Drink water. Consult a physician.

### Section 5: Fire-Fighting Measures

#### Unusual Fire and Explosion Hazards:

None known.

#### Special Firefighting Procedures:

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Suitable Extinguishing Media:**

Water spray/mist, Foam, Carbon Dioxide (CO<sub>2</sub>), and Dry Chemical. Water may be used to cool off containers.

**Unsuitable Extinguishing Media:**

Do not use a solid water stream as it may scatter and spread fire.

## Section 6: Accidental Release Measures

**Precautionary Measures:**

Ensure adequate ventilation. Use personal protective equipment. Evacuate personnel to safe areas. Remove all sources of ignition. Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas. Avoid breathing vapors, mist or gas. For personal protection see section 8.

**Environmental Measures:**

Do not let product enter drains. Prevent further leakage or spillage if safe to do so.

**Methods and Materials for Containment and Cleaning Up:**

Contain material. Collect using solid absorbent material and place into appropriate waste container for disposal according to local regulations (See section 13). Keep in suitable, closed containers for disposal.

## Section 7: Handling and Storage

**Handling:**

For industrial use only. Use with adequate ventilation. Keep away from heat and flame.

**Storage:**

Keep containers tightly closed in a dry, cool and well-ventilated place.

## Section 8: Exposure Controls/Personal Protection

**Respiratory Protection:**

Proper ventilation, engineering controls, such as local exhaust ventilation, and if necessary, a NIOSH certified respirator with appropriate cartridges is highly recommended.

**Skin Protection:**

Chemical resistant gloves recommended.

**Eye Protection:**

Wear safety glasses with side shields or goggles.

**Hygienic Practices:**

Always observe good personal hygiene measures, such as washing your hands after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.
