- AX-HEARTBOX-95

The company name and address of the manufacturer or his authorised representative:

YouWish  
Venserweg 21M  
1112AR Diemen  
The Netherlands

## Compliance with legislation

YouWish only use cardboard packagings from suppliers who declare them to be suitable for the packaging of consumer goods on the basis of the following legal requirements:

- European Regulation VO(EC) 1935/2004 on materials and objects intended to come into contact with cosmetics as well as compliance with the German Recommendation XXXVI (BfR – Federal Institute for Risk Assessment) for papers, cardboards and paperboards for food and cosmetics contact,
- VO(EC) No. 2023/2006 on good manufacturing practice for materials and objects intended to come into contact with cosmetics and foodstuffs and compliance with the appropriate standards of hygiene,
- VO(EC) 1829/2003 und VO(EC) 1830/2003 on genetically modified organisms (GMOs) in the starch quality of adhesives used for gluing,
- Nomenclature of secondary fiber raw materials required for the production of the corrugated base paper grades based on EN643. (In the papers, a significant amount of "group 1 recovered paper grades", "sorted mixed paper and board" and "supermarket corrugating paper and board" of quality 1.04 can be assumed).
- EuPIA Guideline for printing in the absence of specific EU legislation,
- Directive 94/62/EC on packaging and packaging waste,
- Regulation (EC) No. 1907/2006 REACH concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), establishing a European Chemicals Agency Guideline
- CEPI, Industry Guideline for the Compliance of Paper & Board Materials and Articles for Food Contact.

The cardboard products can be applied as primary packaging for cosmetic and soap products. The cardboard products can be applied as secondary packaging for packaging food, provided that the food itself or its primary packaging has a functional barrier proven for the designated food and the corresponding storage conditions. Synthetic adhesives are used in the bonding of corrugated boxes.

We, YouWish, declare that the above-mentioned information is correct and has been established to our best knowledge, based on tests and information provided by our suppliers.
