Version 9.0		Revisiondate	12-10-2022		Printdate	12-10-2022
Precautio	onary statements					
	Prevention	P273 Avoid releas	se to the environment.			
		P280 Wear protect	ctive gloves/protective of	clothing/eye protection/f	ace protection.	
	Response	P302+P352 IF ON	N SKIN: Wash with pler	ity of soap and water.		
			n irritation occurs: Get r ke off immediately all c	nedical advice/attention	1.	
		P391 Collect spill	,	ontaininated clothing.		

Hazardous components which must be listed on the label:

reaction mass of 2-methylbutyl salicylate and pentyl salicylate benzyl phenyl formate limonene linalool linalyl acetate 4-tert-butylcyclohexyl acetate

2.3 Other hazards

This substance/mixture does not contain components classified as persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

3. Composition/information on ingredients

3.2 Mixtures

First aid measures 4.1 Description of first aid measures General advice Move out of dangerous area. Consult a physician. Show this safety data sheet to the doctor in attendance. Do not leave the victim unattended. If inhaled If unconscious place in recovery position and seek medical advice. If symptoms persist, call a physician. In case of skin contact If on skin, rinse well with water. In the case of contact with eyes, rinse immediately with plenty of water and seek medical advice. In case of eye contact Remove contact lenses. Protect unharmed eye. Keep eye wide open while rinsing. If eye irritation persists, consult a specialist. If swallowed Keep respiratory tract clear. Do NOT induce vomiting. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. Take victim immediately to hospital. 4.2 Most important symptoms and effects, both acute and delayed Symptoms no data available 4.3 Indication of any immediate medical attention and special treatment needed Treatment no data available 5. Fire-fighting measures 5.1 Extinguishing media Suitable extinguishing media Dry chemical Alcohol-resistant foam Carbon dioxide (CO2) Water spray Unsuitable extinguishing High volume water jet media 5.2 Special hazards arising from the substance or mixture Specific hazards during firefighting Do not allow run-off from fire fighting to enter drains or water courses. 5.3 Advice for firefighters Special protective equipment for fire-fighters Wear self contained breathing apparatus for fire fighting if necessary. Further information Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. 6. Accidental release measures 6.1 Personal precautions, protective equipment and emergency procedures Personal precautions Use personal protective equipment. 6.2 Environmental precautions Environmental precautions Prevent product from entering drains. Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains inform respective authorities. 6.3 Methods and materials for containment and cleaning up Methods for cleaning up Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Keep in suitable, closed containers for disposal.

6.4 Reference to other sections not applicable

Page Product 12-42122 @ 10% **PARFUM 8TH & OCEAN LLF** Version 9.0 Printdate 12-10-2022 Revisiondate 12-10-2022 7.1 Precautions for safe handling Advice on safe handling Avoid exposure - obtain special instructions before use. Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. To avoid spills during handling keep bottle on a metal tray. Dispose of rinse water in accordance with local and national regulations. Advice on protection against fire and explosion Normal measures for preventive fire protection. no data available Temperature class Fire-fighting class no data available Dust explosion class no data available 7.2 Conditions for safe storage, including any incompatibilities Requirements for storage areas and containers Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Electrical installations / working materials must comply with the technological safety standards. Further information on storage conditions no data available no data available Advice on common storage no data available German storage class No decomposition if stored and applied as directed. Other data 7.3 Specific end uses Specific use(s) no data available

H304 May be fatal if swallowed and enters airways.

H315 Causes skin irritation.

H317 May cause an allergic skin reaction.

H319 Causes serious eye irritation.

H400 Very toxic to aquatic life.

H410 Very toxic to aquatic life with long lasting effects.

H411 Toxic to aquatic life with long lasting effects.

H412 Harmful to aquatic life with long lasting effects.

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.
