CAS Number	90106-38-0
EINCS Number	290-260-3
Customs Tariff Code	3301 9090 00
The Oil Factor	YouWish presents Rose Water, Organic (Hydrolat). This Water is Distilled from the Rose petals at the highest level of purity to ensure a pure, premium hydrolat. Hydrolats (waters) are the aromatic remains after the steam-distillation process of the physical raw material. They are an excellent complement to essential oils because they are very gentle in their profile. The hydrolat smells like a deeper, earthier version of Rose Essential Oil. The product is so gentle it has proved very popular in a wide range of baby products. A great relaxing aroma, hence its popularity in aroma mists & pillow mists.
Functionality	A by-product of the steam distillation of Rose Oil. An extremely gentle product hence its popularity in baby products.
REACH Status	Reach Exempt. Due to the nature of the product it does not meet REACH criteria.
Food Status	YouWish can confirm that Rose, Water Organic IS suitable for food application, only when the appropriate quantity/dilution is used. This material complies with European Food Regulations (i.e. 1881/2006). Please note, if you intend on using this product as a food ingredient we insist you email our Technical Team before doing so for our opinion on the dilution applied to your finished product.
