#### 2.1 Classification of the substance or mixture

#### Classification (REGULATION (EC) No 1272/2008)

H317 May cause an allergic skin reaction. Sensitization, skin (SS 1 / 1B)Category 1

H411 Toxic to aquatic life with long lasting effects. Hazardous to the aquatic environment, long-term hazard (EH C)Category 2

Labelling (REGULATION (EC) No 1272/2008)

Hazard pictograms

Signalword Hazard statements

WARNING

H317 May cause an allergic skin reaction. H411 Toxic to aquatic life with long lasting effects.

First aid measures 4.1 Description of first aid measures General advice Move out of dangerous area. Consult a physician. Show this safety data sheet to the doctor in attendance. Do not leave the victim unattended. If inhaled If unconscious place in recovery position and seek medical advice. If symptoms persist, call a physician. In case of skin contact If on skin, rinse well with water. In the case of contact with eyes, rinse immediately with plenty of water and seek medical advice. In case of eye contact Remove contact lenses. Protect unharmed eye. Keep eye wide open while rinsing. If eye irritation persists, consult a specialist. If swallowed Keep respiratory tract clear. Do NOT induce vomiting. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. Take victim immediately to hospital. 4.2 Most important symptoms and effects, both acute and delayed Symptoms no data available 4.3 Indication of any immediate medical attention and special treatment needed Treatment no data available 5. Fire-fighting measures 5.1 Extinguishing media Suitable extinguishing media Dry chemical Alcohol-resistant foam Carbon dioxide (CO2) Water spray Unsuitable extinguishing High volume water jet media 5.2 Special hazards arising from the substance or mixture Specific hazards during firefighting Do not allow run-off from fire fighting to enter drains or water courses. 5.3 Advice for firefighters Special protective equipment for fire-fighters Wear self contained breathing apparatus for fire fighting if necessary. Further information Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. 6. Accidental release measures 6.1 Personal precautions, protective equipment and emergency procedures Personal precautions Use personal protective equipment. 6.2 Environmental precautions Environmental precautions Prevent product from entering drains. Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains inform respective authorities. 6.3 Methods and materials for containment and cleaning up Methods for cleaning up Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust). Keep in suitable, closed containers for disposal.

6.4 Reference to other sections not applicable

#### 7. Handling and storage

#### Product 12-42129 @ 25% **PARFUM WHITE MUSK LLF** Version 9.0 Revisiondate Printdate 12-10-2022 12-10-2022 7.1 Precautions for safe handling Advice on safe handling Avoid exposure - obtain special instructions before use. Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. To avoid spills during handling keep bottle on a metal tray. Dispose of rinse water in accordance with local and national regulations. Advice on protection against fire and explosion Normal measures for preventive fire protection. Temperature class no data available Fire-fighting class no data available Dust explosion class no data available 7.2 Conditions for safe storage, including any incompatibilities Requirements for storage areas and containers Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Electrical installations / working materials must comply with the technological safety standards. Further information on storage conditions no data available no data available Advice on common storage no data available German storage class Other data No decomposition if stored and applied as directed. 7.3 Specific end uses no data available Specific use(s)
