Product Code	K0312
INCI Listing	Olea Europaea Fruit Oil
Manufacturing Method	YouWish can confirm Olive BP73 Oil, Refined is Expeller Pressed & Refined.
Product Status	Natural.
Origin	YouWish can confirm that Olive BP73 Oil, Refined Origin is Spain.
CAS Number	8001-25-0
EINCS Number	232-277-0
Customs Tariff Code	1509 9000
The Oil Factor	YouWish presents Olive BP73 Oil, Refined. We offer a wide range of Olive oils, so please be sure to have a good scan of our range & let us know what is of interest. As you may know Olive oil is not only a nutritious oil for dressing your salads but also great for nourishing your skin. Mediterranean folk have been applying it directly to their skin for decades to deliver the appropriate moisture to their sun tanned skins. It works superbly as an ingredient in your formulation or on its own, although this oil does leave the skin a little greasy when applied on its own, so we recommend adding it into a formulation. Despite its wealthy fatty acid profile, Olive oil contains three major antioxidants which aid in maintaining skin & hair strength & smoothness. This particular grade is the most popular & cost effective grade for cosmetic application. This material is according to the BP73 monograph specification, which does not include sterol analysis.
Functionality	A rich fatty acid profile. A very stable oil & it will not impact your formulation aroma. Our most popular & cost effective refined grade of Olive Oil.
REACH Status	YouWish can confirm that Olive BP73 Oil, Refined supplied is exempt as per Annex IV & V according to EU regulations 1907/2006. This product is not chemically modified, it comes under derogation pursuant to EU regulation 987/2008, Annex II, #9. Hence registration is not required for this product. We can also confirm that none of the substances on the SVHC candidate list can be verified in a concentration of >0.1% in our product.
Food Status	YouWish can confirm that Olive BP73 Oil, Refined is suitable for food application, only when the appropriate quantity/dilution is used. This material complies with European Food Regulations (i.e. 1881/2006). Please note, if you intend on using this product as a food ingredient we insist you email our Technical Team before doing so for our opinion on the dilution applied to your finished product.
