Beige-Brown

Skin Benefits

Unrefined sheanut nilotica butter provides deep hydration and nourishment to the skin. It helps to soften dry skin, soothe irritation, and improve skin elasticity.

Hair Benefits

Unrefined sheanut nilotica butter can be used in hair care products to moisturise and nourish the hair and scalp. It helps to reduce dryness, frizz, and breakage, promoting healthier-looking hair.

Functionality

Anti-Aging

Packed with antioxidants, it helps fight free radicals and reduce the signs of ageing. It promotes the production of collagen, improving skin elasticity and firmness, and diminishing the appearance of fine lines and wrinkles.

Emollient

Softens and smooths the skin, creating a protective barrier that locks in moisture. It is particularly beneficial for dry, rough, and chapped skin, providing deep hydration and improving the skin's texture.

Easily-Absorbed

Quickly absorbs into the skin without leaving a greasy residue. Lightweight and ensures fast penetration, delivering essential nutrients and hydration for a smooth and nourished complexion.

Moisturising & Hydrating

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.
