

Declaration on Animal Testing & Regulatory Compliance

Valid for all products supplied by YouWish

At YouWish, we attach great importance to ethical and sustainable business practices. This means, among other things, that we do not permit any form of animal testing at any stage of our production or supply chain. As a supplier of cosmetic raw materials, soap bases, fragrance oils, and essential oils for cosmetic manufacturers, we are actively committed to complying with the applicable laws and regulations within the European Union.

In accordance with this commitment and with reference to the relevant EU legislation, we hereby declare the following:

1. No animal testing on finished products

We expressly confirm that none of the end products supplied by YouWish have been tested on animals, either by us or by third parties on our behalf, since **November 9, 2004**, in accordance with EU Directive 2003/15/EC, which introduced the first ban on animal testing for cosmetic end products within the EU.

2. No animal testing on cosmetic ingredients

In addition, we declare that none of the ingredients used in our cosmetic products have been tested on animals by YouWish, its suppliers or external laboratories **since March 11, 2009**, in accordance with Regulation (EC) No. 1223/2009, Article 18. This regulation prohibits animal testing for cosmetic ingredients and also prohibits the marketing of products that have been tested on animals.

3. Compliance with Regulation (EC) No. 1223/2009

All our cosmetic raw materials and ingredients comply with the provisions of Regulation (EC) No. 1223/2009 on cosmetic products, which sets requirements for the safety, composition, and labeling of cosmetics within the European Union. We closely monitor changes in regulations to ensure that our products and processes are always compliant.

4. Continuous verification within the supply chain

We actively work with our suppliers to ensure that these standards are met throughout the supply chain. We require all our suppliers to refrain from animal testing during the development, production, or quality control of ingredients.

This statement applies to **all current products offered by YouWish** and will be updated in the event of changes in regulations or our purchasing policy.

For additional documentation or questions about compliance, please contact us at: contact@youwish.nl
